DETAILED ACTION

Claims 5 and 6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

As to claim 5, which claim(s) does(do) this claim depend upon?

Claims 1,2,16,18-22 are rejected under 35 U.S.C. 102(b) as being anticipated by Fullemann (4,863,695).

Fullemann teaches (Figures 1, 3) a mandrel, comprising: hollow structure 28 with ends; lead-in portion 46 on the distal end; first cylindrical portion (immediately below seal 26, and immediately above element 46 in Figure 1) that has a first diameter; second cylindrical portion (element 20) adjacent the first cylindrical portion, the second portion having a diameter greater than the first diameter; a first raised band 26 upon the first diameter, the band contacting the wall of the tip to form a seal; and second raised band 30 on the second cylindrical portion, the second band having a diameter greater than the second exterior diameter of the second cylindrical portion, the second band contacting the interior wall of the pipette tip to form a second seal.

Claim 23 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert R. Raevis whose telephone number is 571-272-2204. The examiner can normally be reached on Monday to Friday from 7am to 4pm.

The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
